GALACTIC TRADE COMMISSION

OVERLAND PARK, KS 66212 "WE SPECIALIZE IN KITS FROM ANCIENT FUTURE WORLDS"

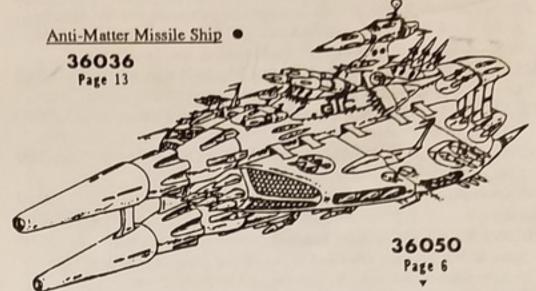

GTC sells a broader selection of SF Plastic Models MORE than any other distributor in North America! In the last 7 years we have averaged filling over 97% of ALL our orders. Yes, for every 100 kits ordered from GTC we have shipped 97! What that means to YOU is that you no longer need to order from mail order houses that send only half of what you paid for. Order from GTC and get it all! GTC consistently delivers SF kits you can get NOWHERE else in North America. We're open from 12 noon to 10 p.m. CT Monday through Thursday, and 12 noon to 5:20 p.m. Friday and Saturday.

More than 91% of the Models GTC sells have been 91 % discontinued and out of production for 7 years or MORE! This should give you some idea of just how hard it is to maintain an inventory as large as ours. But the more we have IN STOCK the easier it is for us to satisfy your SF Model needs. We do not list a kit IN our catalog unless it is IN STOCK.

If you want to keep up with our current catalog you must order a new one each year at a cost of \$3. Say you NEW have C94 and you want to be sure to get C95 as soon as possible, just send \$3 and mark it C95, and as soon as C95 is printed you'll be among the first to receive it.

We always have more kits than we can list in this Catalog. So if you need 1 or 2 SF kits not listed here, ASK US. We might be able to give you a pleasant surprise. We also have a Special Order Service. Any questions MUST BE ACCOMPANIED BY A SELF-ADDRESSED STAMPED ENVELOPE to insure a prompt reply . . . or call after 12 Noon.

This is the Standard Identification Number. The SIN SIN System has 4 parts; I will explain each. (1.) The PREFIX Code or SERIES Code: the 2 to 4 letter code usually found at the head of each Series. The first letter denotes the manufacturer and the other letters denote the Series. (2.) The Manufacturer's Stock Number: the small number on the end of each kit's box. (3.) The SERIES Number: the Large number on the end of some kit boxes. (4.) The CATEGORY Code, or Last Letter, which gives a good idea of what the kit is: B=Spacestations or Books; F=Starfighters; K=Rockets; M=Miscellaneous Space; R=Robots, Powered Suits, Body Armor and Battroids; S=Starships and Spacecruisers; T=Galactic Tanks.

ILLUSTRATION KEY: We have placed the Prefix Code (Series Code) at the top of most pages and except for page 27 we tryed to keep things in alphabetical order. So models that are listed in the front of the Text should be illustrated in the forward part of the Illustrations and so on. Some pages had to be mixed. Occasionally we used the entire SIN, but most of the time we simply listed the Kit's Stock Number. AA + AI - AIS - AIX + ATP -Series- ATP + AIX - AIS - AI + AA

INSTRUCTIONS: PLEASE take the time to read ALL the following very CAREFULLY. 1. ALWAYS include your correct ZIP Code and Type or Print your complete address on both the order and the envelope. 2. Make MONEY ORDERS or checks out to GTC. 3. Please allow about four weeks for delivery if you pay by MONEY ORDER and about six weeks if you pay by CHECK. 4. There are still some people who send Cash, but they do so at their own risk. We do NOT recommend this. 5. We are sorry, but we do NOT send orders C.O.D., nor do we accept Bank Charges (Visa, MasterCard, etc.). 6. We will hold items for 16 days without cost or obligation. All you need to do is call me--Ron--at and tell me what you need and I will hold it for up to 16 days until your payment arrives. 7. If you want to keep up with our current catalog you must order a new one each year at a cost of \$3. 8. As always ALL Prices are subject to change without notice. We will hold these prices for as long as possible--at least 7 months. If an increase should affect your order we will let you know BEFORE we ship so you will have the option to do whatever you wish. 9. ALL Payments Must Be Made in U.S. Funds. 10. ALL Questions or Requests for additional information MUST be accompanied by a Self-Addressed, Stamped Envelope. 11. GTC's kits usually have English and/or multilingual instructions that include English. But some of the kits have Japanese instructions. This has proved to be no more than a minor annoyance because the kits are clearly illustrated in a numerical, step-by-step format that makes assembly relatively easy. 12. Please Remember: When in doubt, Dry Fit BEFORE you Glue it Up. 13. As usual there is no room for an order blank, so Type or Clearly Print your order, giving the following information: how many of an item you want, the SIN or stock number, its name and price. Let's say that you want to make a 1/72 scale Diorama of the Skull Squadron's Battroids: you'd need Roy's VF-1S, two Standard VF-1A's (1 for Max and 1 for Ben), and Rick Hunter's VF-1J. The order then should look like this:

1 IM/B1217/11/R Battroid VF-1J 17.00
1 IM/B-1249/55/R Battroid VF-1S 28.00 KANSAS Residents MUST ADD 6.5% Sales Tax.
2 IM/B-1250/57/R Battroid VF-1A's 15.00 PLUS Freight Charges 75.00 PLUS Freight Charges

Delivery, so a street address is always preferable. Freight charges on orders shipped UPS within the 48 contiguous states are: from \$20 to \$43 order = \$7; from \$43.01 to \$142 = \$6 orders over \$142 are \$7. 16. Orders shipped to US Post Office boxes, APOs, Hawaii, Canada and Puerto Rico are from \$20 to \$34 = \$8; from \$34.01 to \$106 = \$10; and orders over \$106 = \$15. Alaska and Overseas shipping rates vary greatly and are available upon request. 17. Your order must come to \$20 or more, Plus freight charges.
